

Tymchik G.S., Diorditsa I.M., Skytsyuk V.I., Vysloukh S.P., Diorditsa A.M. Determination Of Cylindrical Shape Parts With Solid Processing In Automatic Mode. -- XII International PhD Workshop OWD 2010, 23-26 October 2010

The article is devoted to problems associated with geometric precision production cylindrical parts on lathes with systems of CNC. The possibility of a high view of cylindrical shapes using a complex adaptive system working process.
